We, the Barrus family, hereby bequeath

our rather sedentary, domestic, *overly-soccer-mom'd*, game-controller-controlled, cable-television-ized lifestyle to our goldfish Reginald; our massively over wrenched schedules to our trusted feline companion Elvis; and our shoulder kinks, neck knots, stress aches and the like to our beloved employers, to remain in trust. To our remaining suburbanite counterparts we leave behind, we offer our *sincere condolences*.
